Re: BCS International Certification of Compliance

To Whom It May Concern:

Please be advised that our firm represents BCS International, Inc. Our client has requested that we advise you that our client has undertaken the necessary testing required under the Consumer Product Safety Improvement Act with respect to its products that it currently sells.

Very few of our client's products fall within the requirements of the Consumer Product Safety Improvement Act. However, to the extent that a General Certificate of Compliance is required, a current certificate will accompany each delivery of product in electronic format and will be available at www.raiderpowersports.com.

Insofar as the Consumer Product Safety Improvement Act is subject to change as the law evolves, our client will endeavor to provide you with notice of any change to the procedures set forth above. Should you have any questions or comments regarding this matter, please do not hesitate to contact me.

Very truly yours,

Davis & Kuelthau, s.c.

William S. Woodward
